

1 Group Mega Plus

Fantastic compact machine ideal for the smaller outlet up to 60 covers. Features include compact in appearance with an 4.5 litre capacity boiler. Single steam arm and hot water facility. Easy to program coffee doses via electronic keypads. Built in automatic level control with integral rotary pump. Integral auto stop grinder with large 1 kilo bean hopper. Finished in highly polished stainless steel and supplied with waste and cold water connection pipes. Standard 13A plug connection to mains, the 1 Group Mega Plus is a must for the space conscious where high output demand is not an issue.
